

WLTP Worship Observation Sheet

October, 2014

Instructions:

Pick out one Sunday morning this month to pay special attention to what you see, hear, do, and experience in the worship service at VRBC. Take a few notes during the service and spend a few minutes afterward writing down your thoughts.

Questions:

What was the date of the service you observed?

Write down as many things as possible that were a part of your worship experience

Was there an overall theme to the service? If so, how did the various elements contribute to your understanding/experience of that theme?

What were some of the ways the congregation participated in the service?

What were some of the things that took place that were helpful to you in your worship experience?

Was there anything that was distracting to your worship?

What is one thing you learned about worship (or yourself) through this service?
